

## UNIVERSAL DRIVE-THRU CLEARANCE BAR

### OVERVIEW

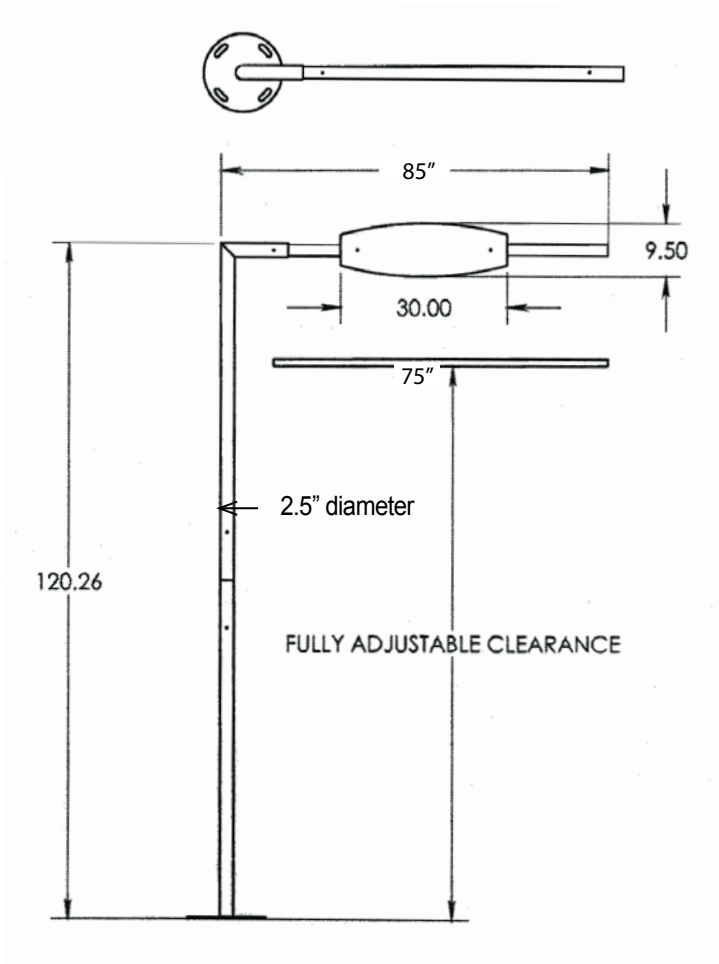

Our universal clearance bar has an adjustable clearance height warning header with a drop-down warning bar to help minimize vehicle damage to your property (and to your guests' vehicles!). It features a large graphic area at the top to display your store name, logo and clearance height. Graphics are customized and made-to-order.

### FEATURES

- Can be mounted to either side of the drive-thru lane
- Lightweight warning bar causes minimal damage to vehicle if hit
- Standard warning bar colors are red, white and yellow  
Custom colors available at additional cost
- Main unit is heavy-duty, powder-coated steel
- Available in 7 standard colors to match our Drive-Thru Choice main unit, canopy and speaker post - black, blue, red, white, tan, silver and brown
- Header graphics are customized per order

## SPECIFICATIONS

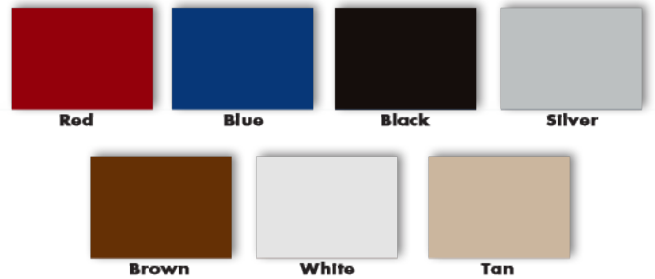

Clearance height is fully adjustable using supplied stainless steel cable

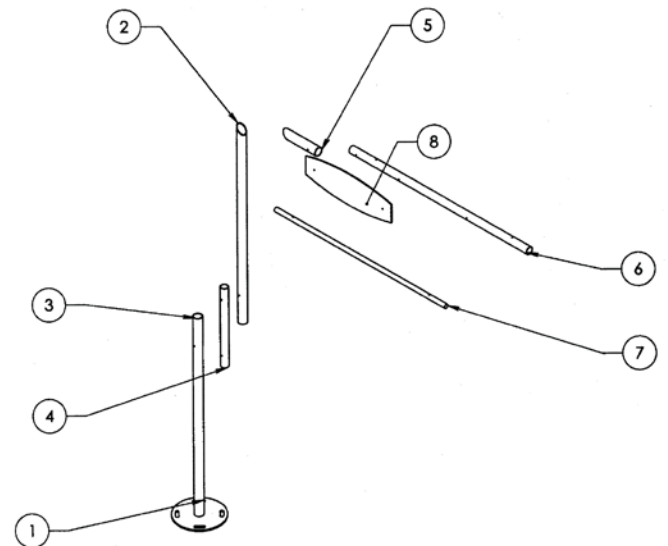

## OPTIONS
