# DRIVE-THRU OFFSET CANOPY

## OVERVIEW

Don't miss out on drive-thru sales due to the weather! Our outdoor, stand alone canopy provides protection from the elements - rain, snow, sun, wind.

The offset canopy fits over self-service touch screen ordering kiosk and installs behind, to the right or left of the kiosk, and still protects your customer.

## FEATURES

- The canopy's foundation can be placed back from the curb, yet still protect the ordering customer, and extends over other equipment
- The roof is made of ultra durable, fade resistant, maintenance-free vinyl, with an eight year manufacturer's limited warranty
- Includes two year limited warranty on metal parts
- Wind load rated for up to 110 mph
- The unit is shipped in two parts-
  - 1.) pole and
  - 2.) roof assembly; canopy weldment, top section, hardware
- Ships via common carrier. Crate measures 113"L x 39" W x 81" H, and weighs approximately 500 lbs., varying slightly with options selected
- Options include:
  - 1.) pole mount speaker and microphone kit
  - 2.) three lamp light fixture
  - 3.) below ground foundation kit
  - 4.) pole mount Order Confirmation System
